Notice – Postponement of the 10th Digital Earth Summit

Due to the unforeseen reasons, the Organizing committee regret to announce the postponement of the 10th Digital Earth Summit, initially planned to be held in Kigali jointly by the University of Rwanda and the International Society for Digital Earth between 19th and 22nd November 2024. The Organizing Committee is evaluating the optimal date that will be communicated as soon as possible; Please visit the conference website regularly for latest news.

We look forward to connecting professionals, researchers and decision makers to deliberate on innovations in the field of geospatial information technology. If you have special requests you can contact Dr. Elias Nyandwi at nyasept@gmail.com or on +250788653825.
