

The 5th International Forum on Big Data for Sustainable Development Goals

September 6-8, 2025 Beijing, China

The year 2025 marks the 10th anniversary of the United Nations 2030 Agenda for Sustainable Development. Digital technologies, represented by Earth observation, big data, and artificial intelligence, are capable of bringing about innovative changes in multiple aspects of SDG monitoring and evaluation. They also drive the formulation and implementation of integrated solutions to sustainable development challenges across sectors and regions.

The 5th International Forum on Big Data for Sustainable Development Goals (FBAS 2025) will be held from 6 to 8 September 2025 in Beijing. This forum will bring together top scientists, policymakers, industry leaders, and practitioners from around the globe to explore how to innovatively leverage digital technologies to accelerate the achievement of the SDGs, injecting new momentum and wisdom into global sustainable development.

Theme

Digital Intelligence Driving Sustainable Development:
The 10th anniversary of the 2030 Agenda

Academic Exchange Format

The forum will be held offline, with a variety of exchange activities, including invited keynote speeches, special sessions parallel sessions, round tables, panel discussions, showcase events and poster displays.

Venue

Beijing International Convention Center

Host

Chinese Academy of Sciences

Organizers

International Research Center of Big Data for Sustainable Development Goals

Aerospace Information Research Institute, Chinese Academy of Sciences

Program at-a-Glance

September 6th	AM	Opening Ceremony Plenary Session
	PM	Parallel Session
September 7th	AM	Plenary Session Parallel Session
	PM	Parallel Session
September 8th	AM	Plenary Session Parallel Session
	PM	Parallel Session Closing Ceremony

Important Dates

Session Application Deadline	April 20, 2025
Session Acceptance Notification	May 7, 2025
Abstract Submission Deadline	July 6, 2025
Abstract Acceptance Notification	July 20, 2025
Early Bird Registration Deadline	August 6, 2025
Online Registration Deadline	September 5, 2025
FBAS 2025 (Onsite Registration)	September 6-8, 2025

Session Topics

Big Data Technology Serving Global Sustainable Development

- **SDG2 (Zero Hunger):** Sustainable food systems
- **SDG6 (Clean Water and Sanitation):** Integrated management for water resources
- **SDG7 (Affordable and Clean Energy):** Transitioning to low-carbon energy
- **SDG11 (Sustainable Cities and Communities):** Green and resilience city
- **SDG13 (Climate Action):** Accelerating climate change mitigation and adaption
- **SDG14 (Life below Water):** Blue innovation for the delivery of the SDGs
- **SDG15 (Life on Land):** Sustainable use of terrestrial ecosystems
- **SDGs Integration and Intersection**

AI Empowering Sustainable Development

Policy and Digital Intelligence Industry Promoting Regional Sustainable Development

Development of Global Partnership Facilitating the Implementation of SDGs

Youth Innovation: Sharing for the Future

We cordially invite professionals in the field of big data for sustainable development globally to join this forum, including those from governments, research institutions, universities, international organizations, United Nations agencies and industries.

Call for Sessions:
